

Working at Wannon Water

Each day across the south-west of Victoria, Wannon Water delivers clear, fresh drinking water to our customers. We also take away sewage and trade waste which we treat and return safely to the environment.

As a key regional organisation, we also strive to be an influential community partner, contributing to the wellbeing and prosperity of the region as a whole.

Our place

Wannon Water is Victoria's second largest regional urban water corporation by area, covering 23,500 square kilometres and a total population of 100,400. Our region, the Great South Coast, extends from the Otway Ranges to the South Australian border.

It includes the major centres of Warrnambool, Portland and Hamilton and features the diverse landscapes of the Great Ocean Road, the Grampians, the volcanic plains and the Budj Bim National Heritage Landscape, which is sacred to the Gunditjmara people.

The region's agriculture (particularly dairying), forestry, education, manufacturing, tourism and healthcare contribute more than \$5 billion in gross regional product to the Victorian economy each year.

Wannon Water provides services to more than 84,500 residents and 34 towns, including residential, commercial, industrial and rural customers.

Wannon Water is a not-for-profit Victorian Government-owned corporation.
